Minnesota Coalition for Targeted Home Visiting

COVID-19 Impact Survey Results

1. Presentation (see slides)

2. Discussion

- a. What is your agency using as determining factors for resuming in-person visits? Where are agencies getting guidance from?
- b. Do you anticipate shifting services in any way to respond to these stressors identified?
- c. What are everyone's current thoughts on maintaining enrollment and engaging new families?

Minnesota Coalition for Targeted Home Visiting

Evidence-Based Home Visiting Grants

1. Overall, has the EBHV grants helped you meet the needs of families in your communities? If so, how? If not, please explain or provide input
2. Are there elements of the grants (beside funding evidence-informed or promising practice programs) that the Coalition and/or Department of Health might consider to improve access to home visiting to families with young children?
3. Some home visiting programs report challenges with budgeting for and/or spending their EBHV grants.
 - What kind of flexibility is needed/desired in EBHV grants to cover all program costs?
 - What kinds of support around budgeting would be helpful as you determine how best to meet your overall program expenses?

Minnesota Coalition for Targeted Home Visiting
